

Family Partner Profile

Tarian Brumfield

Our 2022 ReStore Homebuyer, Tarian, is a young, hopeful entrepreneur and single mom. Tarian, 21, has a five-year-old little girl and is also the primary caregiver to her three year old sister.

They currently live in a two-bedroom mobile home where the floors are sinking in and they are constantly riddled with electricity problems. Her new home will take that extra stress off of her as well as provide a fresh start for her family. She's looking forward to being able to decorate the space to be a welcoming environment, and to create a place where they can enjoy more family time together.

When asked what home means to her, she said that it is made up of smiles, laughs, cries, and hugs. She said that it is something that makes everybody happy while going through ups and downs.

Although she currently works as a private sitter, she has dreams of starting her own small business making party treats and desserts. It's something that she already does in her spare time, but she'd love to expand it. With her affordable mortgage payments, she is hoping that she will be able to spend more of her time focusing on her dessert business so that it can become something to eventually pass on to her kids.
